Phone Number: 9505582333

Address: Tanuku, West Godavari, Andhra Pradesh - 54311

SUMMARY

Motivated and enthusiastic Computer Science Engineering graduate with a strong foundation in programming, AI, IoT, and data science. Adept at learning new technologies rapidly and applying them effectively. Possess hands-on experience through academic projects, with certifications in data science and Java from Infosys. Eager to contribute to innovative projects in the CSE department, bringing strong problem solving skills, technical knowledge, and a passion for learning.

CERTIFICATIONS

- Infosys Data Science Certificate
- Infosys Java Certificate
- Infosys Introduction to Artificial Intelligence Certificate
- Infosys Database Management Certificate
- Deloitte Data Analytics Certificate
- Deloitte Technology Job Simulation Certificate
- Deloitte Cyber Job Simulation Certificate

PROFESSIONAL SKILLS

Skills

- Java Full Stack Development
- AI Prompting and Implementation
- MS Office Suite
- IoT and AI Integration

Current Learnings

- Currently learning Java Full Stack Development at KodNest Training Institute, Bangalore.
- Worked on an app called "Gen Z Kid" — a one-step solution for various needs.
- Designed a vibrant, Gen Z-friendly UI using Lovable and implemented backend services using Supabase for real-time data handling, user authentication, and secure cloud storage

Languages

- Telugu (Native)
- English
- Hindi
- Tamil

EDUCATION

B.Tech - Computer Science Engineering

Dr. MGR Educational and Research Institute, Chennai
with a CGPA : 7.5

Intermediate

Narayana Junior College, Tanuku
with a CGPA : 7.0

Secondary School Certificate

Montessori School, Tanuku
with a CGPA : 9.7

PROJECTS

Genz - AI - Hub

- Built an AI-based platform that offers creative text generation, smart responses, and utility tools with a clean and responsive UI.
- Added smooth transitions and interactive elements to enhance user experience.
- Integrated multiple AI features using optimized prompts for accurate outputs.

The Innovation Hub

- Developed an interactive tech hub showcasing AI tools, innovation modules, and creative utilities.
- Designed a modern, animated UI with user-friendly navigation.
- Implemented modular AI components to ensure scalability and quick feature expansion.
